RightFAX Production Fax Software

RightFAX Production Environment™

- Automates the delivery of business-critical documents such as invoices, purchase orders and confirmations
- Fax-enables any host or ERP application, using more than 75 facsimile command language (FCL) commands
- Provides numerous methods of host notifications and delivery confirmations
- May be used to fax-enable unlimited host applications

RightFAX InternetLink™ Module

- Delivers host documents via the Internet
- Converts host documents to PDF, TIFF (Group 3 or 4), GIF or PCX images and attaches them to e-mail messages

RightFAX Filter for Oracle®

- Wraps FCL commands around Oracle output to allow automated delivery via the RightFAX Production system
- Functionality customized for each organization by RightFAX Professional Services℠

RightFAX Connector for SAP™ R/3®

- Provides a seamless interface from R/3 to a RightFAX Enterprise fax server
- Lets SAP R/3 users send and receive faxes directly from SAPoffice™ and all other SAP applications via SAPconnect™
- Unlimited user lisenses

Note: All Production software purchases require the use of RightFAX Professional Services, which are quoted on a per-project basis.

RightFAX Internet Fax Services

RightFAX IP Plus Connector™ and Services

- Offers fax-line redundancy and backup
- Additional fax capacity on demand
- Virtually unlimited fax port capacity for immediate delivery of large fax broadcast jobs
- Offloads periodic fax traffic overflows
- Seamless to the desktop user

RightFAX Customer Services
